

THE MAGISSO TEACUP NOMINATED FOR THE GERMAN DESIGN AWARD!

The Magisso Teacup is nominated for the prestigious German Design Award by the German Design Council. The German Design Council is one of the world's leading centers of expertise on design and the award is their international premium prize. The Magisso Teacup has already been awarded in the red dot design awards and in the Fennia Prize.

The awarded Teacup has also been selected for the Ten Best Travel products by CNN and has been reviewed by Wired, Fast Company and Life Hacker and tweeted by Lisa Richardson of Lisa Knows Tea.

WHAT IS THE MAGISSO TEACUP?

Earlier brewing tea with tea leaves and a separate infuser has been troublesome and messy. The new Magisso Teacup makes enjoying a cup of high quality tea nice and simple.

Thanks to the triangle bottom, it is easy to adjust the strength of tea depending on your taste without making a mess.

Just tilt the Magisso Teacup so that the strainer side of the cup is lower. Then place the tea leaves in the strainer, pour hot water until the leaves are covered and let it steep until the tea is just right. By tilting the Magisso Teacup the other way, the tea is ready to be enjoyed while the leaves in the strainer spread their natural fragrance, enhancing the flavor of the tea.

Finally there is an effortless way to enjoy a perfect cup of tea.

All you need is tea and hot water.
